

Business Card Checklist & Set up Matt and Gloss Finish Cards

Black line is bleed size 92x56mm. Please make sure all objects are within this area.
We cannot print if there is anything larger than this area.

Pink line is finished size 90x54mm

Blue line is safe area. 84x48mm
We recommend to have all important text, images etc inside this area.

Check List

1. All Dimensions need to be correct to the above description.
2. File needs to be in CMYK.
3. Make sure all fonts are outlined.
4. Check that images are 300dpi or above and that they are embedded NOT linked.
5. If there are black colours, select them to make sure they are not photoshop black.
C75 M68 Y67 K90 is photoshop black if colours are similar to this please change to be a solid mix of C30 M30 Y30 K100. This will give you a rich black.

If you require a custom size card please add 2mm bleed to finished size and indicate the finished size when placing your order, cards can be done with 5mm round corners as well, again please indicate this when placing your order. Custom size cards and round corners have an additional fee.
